ONE'S DESTINATION IS NEVER A PLACE, BUT A NEW WAY OF SEEING THINGS

– Henry Miller
After breakfast at the hotel, you will once again have the opportunity to visit Machu Picchu for a two-hour guided tour of the citadel. As you enter the ‘sanctuary’ (as locals refer to it), prepare to be awed by the imposing, skillful architecture of the Watchtower, the Temple of the Sun, and the royal Inca residences, among others. Take a moment to quietly sit and listen to the wind... Your imagination will soar as you contemplate the history of Machu Picchu and its mysterious origins.
Some may even choose to hike the iconic towering mountain of Huayna Picchu. During your visit you will be touched by a feeling of peace and rejuvenation that will likely last until you get back to the city of Cusco.

MLP Travel Extension Packages
Let our MLP travel specialists help you expand your itinerary beyond Cusco and Machu Picchu! Visit other iconic destinations in Peru’s colorful Andean highlands, lush Amazonian jungle, and expansive desert coastline. We offer curated trip extensions in The Sacred Valley of the Incas, Arequipa/Colca Canyon, Nazca/Paracas, Lake Titicaca, the Amazon, and more.
Our mountain lodges have brought together traditional Inca building techniques and sensitivity to the surrounding environment with all the comforts of home. At the end of each day, you will enjoy hot showers, fine gourmet meals, select wines, goose-down bedding, massages, outdoor jacuzzis and highly personalized service from our local staff.
Our guides are among the best in Peru (some even having won international awards) and have on average at least 15 years of experience guiding in the mountains, not only in Peru, but around the world. Many of them are considered pioneers in this area, having scouted many of the current routes in the country. All Mountain Lodges of Peru guides have excellent language skills, and are highly trained in managing group dynamics. All guides undergo continuous medical and rescue training, with a certification in “Wilderness First Aid.” You will appreciate their knowledge of history and cultural traditions, as well as their interpretation of local flora and fauna, and their great insights (and stories!) that go far beyond any guide or history book.
In 2006 Mountain Lodges of Peru sponsored the creation of Yanapana, Peru, a not-for-profit Civil Association dedicated to social and environmental responsibility. Yanapana is committed to improving the quality of life through sustainable community development, in an effort to reduce extreme poverty in the Andean highlands.

Main activities of the association include donations for the enhancement of nutrition and infrastructure at a local public school, funding and training for local entrepreneurs, which include jam and honey, handmade textiles and organic coffee production. Other supportive efforts are directed towards child sponsorship programs, as well as medical prevention, detection and treatment programs.

In our own journey through sustainability, we realized that it was necessary to take steps beyond what was traditionally being done in social inclusion, which is why in 2012, a joint-venture was born between the community of Huacahuasi and Mountain Lodges of Peru, naming it Kuska Purispa: Walking Together.

We are convinced that sustainable tourism in the region should be built around a model that empowers local communities, making them active investors in local development projects for the long-term benefit of all. We are committed to work under this innovative business model and keep empowering and generating added value to local communities in Peru.
